Curious Questions:

Where is Uganda? What are
Uganda's Global Issues?
What are the four (4) ways to
write a number ?
How do you add a folder to
your Google drive?
What have you done in reading
group?

Yes, we have read the
Meeuwsen News!

I am totally thrilled about the start of our school year. I appreciate such hard working, motivated students as I make a big transition with both my boys, Braydon and Tristan at college! Your students are working hard academically as well as learning to be Global Citizens and respectful Deer Creek Bucks. Please continue to read this newsletter by paper, or online and send back signatures to acknowledge you did, it helps all families to be on the same page!

I have a class web page: <http://meeuwsenfamily.weebly.com/> Here you will find class pictures, newsletters, projects, classwork and an abundance of resources. If you can, please check it out! I am in the process of updating.

Hopefully, you received an envelope for our Jogathon! Please assist your student, if possible to gather pledges! This really assists are school with fund raising and is a great example of being a Global Citizen!

In Math we have a short unit on Number in Base Ten Place Value (fluently adding and subtracting numbers to 1,000. Students will be graphing their pre/post assessments on their google drive.

On Tuesday, October 11th we will have our first field trip to the Lansu Chinese Garden and Tilkum Walking Bridge. Please see attached information.

Our HOPE KITS are a HUGE HIT! Thanks to all bringing in items! This project is full year. We will be learning how to reach out to other people to help. An ambassador from Medical Teams International is coming on Thursday to talk to our class!

I invite any parents/family members into our room all year who would like to share knowledge about their cultural background or a different topic we can learn from. Students always like to have parents in AND it gives you an opportunity to practice your public speaking skills! Please email or call and I will give you days/times.
